SBRS SCIENCE FAIR: BIG IDEAS, BRIGHT MINDS, AND BOUNDLESS CURIOSITY!

Our students truly amazed us this year with their creativity, curiosity, and hands-on discoveries at the SBRS Science Fair! From exploring what makes everyday materials behave the way they do to testing reactions, forces, and natural processes, each project showcased thoughtful questioning and exciting experimentation.

From melting and mixing to bouncing and filtering, to observing growth and reactions, and even the science of the human body, our young scientists investigated a wide range of real-world phenomena with enthusiasm.

A huge shoutout to our students for their hard work and to our families and teachers for supporting their learning journey every step of the way. Science is alive at SBRS, and the future looks bright, curious, and full of discovery!

STSBRUNO AND RICHARD

SPRING DANCE

Get ready for SBRS Spring Dance Party packed with music, dancing, and nonstop fun!

SATURDAY
APRIL 25
SBRS GYM 5:00- 9:00 PM
5025 S KENNETH
