Share What You Love – Inspire the Next Generation!

Do you have a passion for gardening, photography, sewing, cooking, video editing, building, drawing, or something else you love to do? Now is your chance to pass it on and make a real impact!

Due to major statewide school budget cuts, we're turning to our greatest resource—you, our community! We believe in the power of people helping people, and this is your opportunity to step in and make a difference.

We are looking for yearlong volunteer instructors to lead fun and engaging "specials" classes for our students. Whether you're a creative soul, a hands-on maker, or just someone who loves to teach, we'd love to have you share your talents with our kids.

VOLUNTEERS

What to expect:

- Teach up to 3 classes per day, 2 days a week (subject to change based on interest)
- Choose your preferred grade levels—first come, first serve!
- Become a mentor and role model while doing what you love

Ready to step into the classroom and light a spark in young minds?

Sts. Bruno and Richard School promotes academic excellence from Pre-K through 8th grade with each student. Beginning with a strong foundation in early childhood education, students are guided through each grade level with a focus on critical thinking, creativity, and a love of learning. By the time they reach 8th grade, students are well prepared academically and spiritually for high school and beyond.
