WEEKLY WONDERS: 4TH & 5TH GRADE BLASTS

OFF!

Our 4th graders took a stellar field trip to the Adler Planetarium, and wow... they went out of this world! From hands-on space exhibits to jaw-dropping cosmic displays, our students explored the stars like true young astronauts. The highlight? A movie in the Sky Dome theater that took them on an epic journey through the solar system, planets, moons, and all!

Mission complete: fun was definitely had by all!
